OBJECTIVE

A dedicated Front-end Designer, Full-Stack Developer, Mobile App Developer, and Blockchain Developer with a well-rounded skill set, including expertise in web, mobile, and smart contract development, coupled with data analysis skills, as reflected in the Google Data Analytics certificate. Complemented by certifications in Canva and Figma from Udemy, I am eager to contribute my creative and technical abilities to a dynamic team. I am seeking a challenging role where I can apply my proficiency in designing responsive interfaces and developing user-friendly applications.

PROFESSIONAL EXPERIENCE

Ewenet Communication PLC | Addis Ababa, Ethiopia |

Mobile App Developer & UI Designer

- Spearheaded the design and development of responsive, user-friendly front-end interfaces for both web and Mobile application.

- Successfully designed and implemented mobile applications, ensuring optimal user experience and functionality.

- Collaborated with cross-functional teams to gather requirements and translate them into technical solutions.

- Conducted thorough testing and debugging to ensure the highest quality of deliverables.

EDUCATION

Bachelor's Degree in Computer Science
Bahir Dar University | Bahir Dar, Ethiopia
CGPA: 3.77

CERTIFICATIONS

- Google Analytics Certification | Google

- Essential Canva Course for Graphics Design | Udemy

- UI/UX Design with Figma | Udemy
